

RusAgroProm

Frozen Goodness Provided By Nature

Europe Is on Its Way to a Healthier Future With the Help of New Food

Processed and non-healthy food & “guilty pleasures”

Fresh, organic, chemical-free sourced natural ingredients with health & wellness benefits

The “superfood” & “plant-based” eating trends are getting momentum in Europe

RusAgroProm Works for Better Health and Longer Life of Our Customers

Since

1993

We provide a full production cycle of deep-frozen berries, mushrooms, and vegetables

Our mission

- ✓ We want more people to be able to choose healthy eating of exceptionally nutritious eco products to improve health and prolong the life
- ✓ We strive to make premium quality accessible

Taste and Benefits of Nature

Forest mushrooms

- ✓ Alternative proteins with high nutritional value
 - ✓ Distinctive and complex gourmet flavors
 - ✓ Universal rich flavor
-

Wild berries

- ✓ Great base for health-packed drinks and smoothies
- ✓ Exceptional immune benefits
- ✓ Source of antioxidants

Wild Mushrooms Portfolio

Bolétus edulis (Porcini)

- ✓ Rich, meaty flavor and a unique texture that can add depth to various dishes and enhance the taste
- ✓ Source of vitamins (such as B vitamins), minerals (like potassium and selenium), and dietary fiber

Chanterelles

- ✓ Unique, delicate, and slightly fruity flavor profile that sets them apart from other mushrooms
- ✓ Source of antioxidants, vitamin D, vitamin B12, and riboflavin
- ✓ Kosher

Leccinum ("Scaber Stalks")

- ✓ Source of vitamins B1, B2, C, D, and E, minerals (such as potassium, magnesium, and selenium)
- ✓ Surpasses animal protein in terms of amino acid content
- ✓ Universal rich flavor

Wild Berries Portfolio

Wild cranberry

A tart and slightly sweet flavor come along with rich antioxidant content that supports urinary tract health and contributes to heart and digestive health

Cowberry

Lingonberries offer a balance of tartness and subtle sweetness and are a source of antioxidants, vitamins C and E

Cloudberry

With a unique blend of sweet and tangy flavors, these northern berries deliver immune health and skin wellness support

Bilberry

The “wild blueberry” has a slightly sweet flavor, and contains anthocyanins known for vision and eye health support

Sea buckthorn

These orange-yellow berries have a unique, tangy, citrus-like taste, and are a rich source of vitamin C and antioxidants, delivering immune system support

Honeysuckle

These berries have a delicate and sweet floral flavor and were historically used in herbal remedies for immune system support
